Re: Letter of Recommendation

To Whom It May Concern:

Spillman Company has had a professional relationship with Ohio Employee Health Partnership since the beginning of the program. I have been responsible for safety and the Worker's Compensation Program during this time period. I have to say that working with OEHP has been a wonderful experience. They are always available for questions and finding valuable information on these topics. The entire staff at OEHP has been friendly and very service minded. Tony Jones has been my personal coordinator through the years and has been very responsive to my needs and has become a good business friend. He represents his company and truly cares about the individuals he is involved with.

When a claim has been filed by one of our Associates, Tony usually calls the same day to verify the claim and to make sure it is certifiable. He wants to help in any manner possible.

All in all I would definitely recommend OEHP as a true partner in this field and Tony Jones as the face of a good organization.

If anyone needs further information about this topic feel free to contact me.

Sincerely;

Charles Allen, V.P.
