Re: Letter of Recommendation

To Whom It May Concern:

On behalf of the City of Delaware, Ohio, I am providing this letter of recommendation in support of Ohio Employee Health Partnership (OEHP) during the 2008 Open Enrollment Period. During the past two years that I have served as the Workers' Compensation Coordinator for the City, the staff at OEHP has proven to be very timely, professional and friendly with respect to management of our Workers' Compensation claims. I regularly correspond with our case facilitator, Tony Jones, on the majority of our claims. More often than not, I hear from Tony the same day a claim has been filed. In the unfortunate event that we experience an injury or illness that turns into a lost-time claim, I have had a great experience, as well, in working with our case manager. Recently, we were assigned a new case manager and I'm confident that she will work as well with us as others have in the past.

Thank you for the service you provide and for the friendships that have evolved from working together in a collaborative effort to return employees to work in a timely manner!

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Feller', written over a horizontal line.
